

NEMATODOLOGY EDUCATION IN SUB- SAHARA AFRICA (NEMEDUSSA)

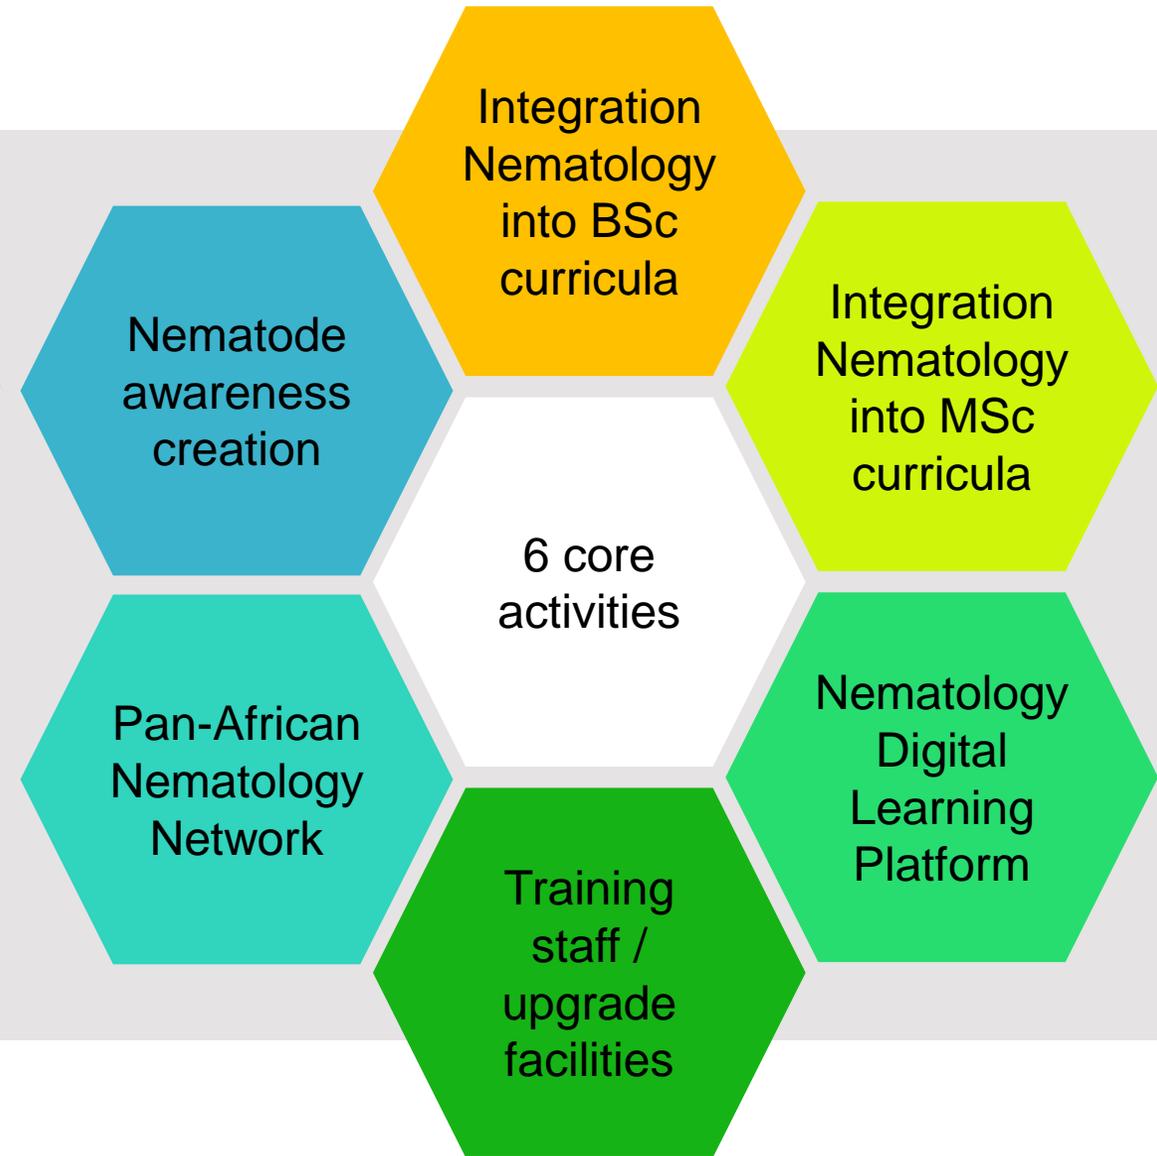

NEMATODES?

2017 inquiry by Cortada et al. (2019) *Integration of nematology as a training and research discipline in Sub-Saharan Africa: progress and prospects*. In: *Nematology* 22(1). p.1-21

NEMATOTOLOGY EDUCATION IN SUB-SAHARA AFRICA (NEMEDUSSA)

1. Université d' Abomey Calavy, Benin
2. Université de Parakou, Benin
3. Haramaya University, Ethiopia
4. Jimma University, Ethiopia
5. Kenyatta University, Kenya
6. Moi University, Kenya
7. Ahmadu Bello University, Nigeria
8. Ibadan University, Nigeria
9. North West University, South Africa
10. Stellenbosch University, South Africa
11. Makerere University, Uganda
12. Muni University, Uganda
13. Université de Côte d' Azur, France
14. Ghent University, Belgium (coordinating university)
15. International Institute for Tropical Agriculture, Kenya
16. International Centre for Insect Physiology and Ecology, Kenya
17. 36 associated partners private/public sector in SSA

NEMATOTOLOGY EDUCATION IN SUB-SAHARA AFRICA (NEMEDUSSA): NIGERIAN PARTNERS

Ahmadu Bello University, Zaria

Department of Crop Protection – Nematology Unit

Prof. dr. Paul Chindo

Julius Bulus

Christopher Okolo

Nasamu Bawa

University of Ibadan

Department of Crop Protection and Environmental Biology

Nematology Lab

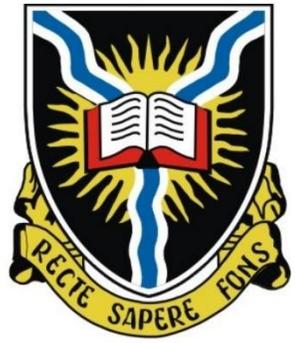

Prof. dr. Biodun Claudius Cole

NEMATOTOLOGY EDUCATION IN SUB-SAHARA AFRICA (NEMEDUSSA): NIGERIAN PARTNERS

Name organisation	Type institution	City
Institute of Agricultural Research and Training (Obafemi Awolowo University)	Research Centre	Ibadan
Agricultural Development Programme	Gouvernemental Extension Agency	Saki
National Agricultural Quarantine Service (NAQS)	Gouvernemental Agency	Ibadan
National Horticultural Research Institute (NHRI)	National Research Institute	Ibadan
Cocoa Research Institute of Nigeria (CRIN)	National Research Institute	Idi-Ayunre
Bayer Middle Africa Ltd	Private company	Lagos
Corteva Agriscience	Private company (seed & crop protection)	Lagos
Green Eagles Agribusiness Solutions	Private company (arable crop production and marketing)	Lagos

NEMEDUSSA and University of Ibadan

- UI provides a large percentage of the PG training in Nigeria
- Links with six agricultural institutions (ARIs) and other Universities in close proximity
- Laboratory space
- E-learning platform

University of Ibadan

Department of Crop Protection and Environmental Biology

B.Sc

Strengthen content
and delivery of
existing B. Sc
courses

M.Sc

Introduce other
aspects of
nematology to
existing M. Sc courses
Access to E learning
platform

Capacity

Technical/academic staff
Support ARIs in capacity
to deliver solutions for
nematology problems
Partner in Awareness
creation

Inge Dehennin

Coordinator IManema

DEPT. BIOLOGY – NEMATOTOLOGY RESEARCH UNIT
