Rue Ducale 1 — Hertogsstraat 1
1000 Brussels

AIM OF THE THEME DAYS

The Royal Academy for Overseas Sciences will organize its fourth *Theme Day* on Monday 4 December 2023.

The goal of this conference is to allow young researchers under the age of 40, who are active in global South countries, to meet each other, whatever their specialization, but also to let them know the Royal Academy for Overseas Sciences and its activities (www.kaowarsom.be).

Abstracts may be submitted in English, French or Dutch, but *preferably in English*.

Participation is **free of charge** but registration is **compulsory**.

A video link can be provided for free to overseas participants who cannot be present in Belgium.

THE 2023 THEME DAY

The topic of the 2023 Theme Day is "*Green transition and biodiversity*".

The green transition refers to a systemic shift towards more resilient ecosystems and equitable economies, building on the principles of the Sustainable Development Goals (SDGs) of United Nations Agenda 2030. To continue preserving the necessary biodiversity, we must in particular protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss (SDG 15) and promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all (SDG 8).

Young researchers working on topics affecting areas outside Europe and related to the *Green Transition and Biodiversity*, topic of the Theme Day, are invited to present their findings

For researchers at an early stage, it is an opportunity to share their research questions, methodological approach and findings with other young researchers as well as with experienced scientists.

The Day will be divided into three sessions comprising oral presentations and posters. These will be organized according to the submissions. Posters will be presented on-site and not online.

TIMING AND PRACTICAL INFORMATION

Abstract Submission

Abstracts (max. 300 words - 12 point font) + short biographical note should be submitted using the template available on the website of the Royal Academy for Overseas Sciences (link below):

https://www.kaowarsom.be/documents/Conferences/YR2023/Abstract_Template_TD_2023.docx

Submission by email at: contact_raos@kaowarsom.be

Registration

Participation is free but registration is compulsory. Registration on the webpage:

www.kaowarsom.be/registration_themeday_2023

Venue

Palais des Académies — Paleis der Academiën
rue Ducale 1 — Hertogsstraat 1
1000 Brussels

Deadlines

Submission of abstracts: **29 October 2023**

Notification: **20 November 2023**

Registration: before **30 November 2023**

Award for the Best Poster

During the day, the posters will be evaluated in terms of scientific content, structure and formatting, text and visuals, oral delivery and answers to questions.
